

Memo

To: Village Board

From: Chris Clark, Director of Parks, Recreation, & Forestry

Re: Purchase of Playground Equipment for Green Isle Park

Date: November 2nd, 2021

Background Information:

The Village is replacing the existing playground equipment at Green Isle Park near the tennis court restroom building that is 25 years old. The typical life span of playground equipment is 20 years. The Parks, Recreation, and Forestry Department obtained quotes from Lee Recreation along with proposal sketches of the play structures utilizing a government pricing contract through BCI Burke Playgrounds. We also requested pricing for additional pieces that may be chosen if funding is available.

Beginning on October 6th, staff conducted an online community survey and asked residents to select the playground design they would like to see at the park. From this we received 369 responses to the survey with the top two choices being Option 4 at 34.4% (127 votes) and Option 2 at 32.2% (119 votes).

The playground will have poured in place rubberized surfacing throughout most of the playground as well as wood fiber surfacing in the swing set area. The equipment will be ordered and price set this fall with installation anticipated in spring of 2022. In addition to the quoted prices, the village estimates an additional \$10,000 for concrete walkway to access as well as surrounding the playground.

Playground Option	Votes	Playground Quote	Total Cost (including concrete)
1	32	199,096.00	209,906.00
2	119	202,177.00	212,177.00
3	91	203,562.00	213,562.00
4	127	210,082.00	220,082.00

Previous Information/Action:

The Parks, Recreation, and Forestry Committee recommended proceeding with Option #4 at the October 26, 2021 meeting.

Budget Item/Funding:

This item was budgeted for in the FY 2021 Capital Improvement Budget at \$206,000 for equipment, surfacing, walkway, and installation. This funding was bonded for in the 2021 borrowing. Since the Green Isle roadway project came in under budget this year there is \$225,000 available for the playground project.

Staff Recommendation:

Staff recommends proceeding with Option # 4 to replace the existing playground equipment and surfacing at Green Isle Park.
