

Public Meeting #2 – Brown County SS4A Traffic Safety Plan

Brown County is hosting the second of two public involvement meetings for its Safe Streets and Roads for All (SS4A) project from 4:00p.m.-6:00 p.m. on Thursday, Nov. 20th at Allouez Village Hall, 1900 Libal Street.

This event will follow an open-house format. You can stop by anytime to ask questions, review the data collected so far and share additional feedback about roads in our local community.

A virtual meeting also will be held from 6:00–7:00 p.m. that evening for those unable to attend in person.

Background: Brown County, in partnership with local municipalities, was awarded a US DOT Safe Streets and Roads for All (SS4A) grant to complete a safety action plan intended to reach zero preventable deaths in the county. The plan will assess location-specific safety challenges and identify potential countermeasures and strategies to improve transportation safety throughout the county.

For more information, and to access the virtual meeting link and survey, please visit the project website: <https://www.browncountywi.gov/departments/highway/general-information/ss4a/>
